Dear friend,

Come through the doors and experience what God is doing in the Republic of Korea (South Korea). One Mission Society began working in Korea in 1907, sharing the Gospel and training leaders for the church. From hard times during the Japanese occupation and the Korean War, see how God has built up His church to the point of sending the second-largest number of missionaries around the world, after the United States.

You'll meet OMS missionaries in South Korea and see what their lives are like. You'll worship in a Korean church and participate in a dawn prayer meeting. You'll meet Korean missionary candidates in training to go share Christ's love in various nations. You'll also meet a ministry that is sharing the Gospel with migrants from all over the world who have come through Korea's doors for jobs, as students or in search of a better life.

You'll get a chance to meet children who are being trained in international Christian schools to become future leaders. You'll fellowship with women serving the Lord in South Korea and experience women's ministries. And you'll meet young people studying at Seoul Theological University to become Christian leaders and salt and light in the world.

Come and experience the tragedy of the division of North and South Korea, and catch a glimpse of God's heart for transforming the lives of Korean people on both sides of the DMZ and raising them up to transform the world. The all inclusive cost from San Francisco is approximately \$1900.00

Join us and "Step into a Waiting World."

God Bless,

Sam Laird and Pat Dragon
